Instructor: Reethee Antony
Email: rantony@mmm.edu

PAPER 1: BIOLOGICAL FOUNDATIONS OF SPEECH & HEARING [OR] NORMAL LANGUAGE DEVELOPMENT

You can choose to write the paper on 'Biological foundations of speech and hearing' or 'Normal language development'. Choose only one of the two topics. The paper must include an abstract and a conclusion.

Try to organize the paper based on key components, eg: speech and hearing mechanisms for biological foundations; language milestones for normal language development. In addition, you may include pictures, tables, and/or provide examples, when possible.

Double spacing must be used and the paper should be less than 6 pages. All the references must be cited in APA format. Please read the syllabus for additional instructions on format of the paper.
