PAPER 1: THE NORMAL AND IMPAIRED EAR

The paper titled 'The Normal and Impaired Ear' must include an abstract and a summary and/or conclusion. The paper should integrate the anatomic and physiologic findings in normal vs impaired ear with the possible causes (explain in detail: 1 cause related to outer ear, 1 related to middle ear, 1 related to inner ear, and 1 cause that can affect more than one part of the ear) and the associated type of hearing loss. Please read the syllabus for instructions on the format of the paper. All the references must be cited in APA format.
